

DreamSpace TV: Episode Two Extension 1 Activity Sheet

Name: _____

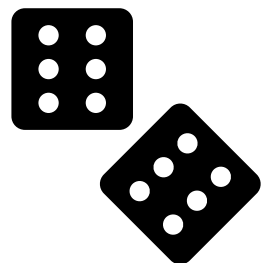

Date: _____

Play your game and record the outcome of multiple die (one dice) throws.

Roll your die 16 times. What was the percentage chance of each number rolled. For example if I rolled the dice 16 times and the number 5 came up 4 times that means number 5 showed a 25% chance.

1. _____
2. _____
3. _____
4. _____
5. _____
